

Welcome

Welcome to our May edition of newsletter where we continue to keep you informed about us along with our value added services and our focus on building relationships with our Customers. Also in the edition, we highlight seasonal products for the month of May.

We hope you enjoy this edition and if we can be of any assistance, please feel free to call or email us.

News about us:

- World Fruits Centre has started its fleet replacement cycle by replacing our older trucks with new trucks that are equipped with the latest cooling technology to ensure client satisfaction as well as assure reliability and efficiency.
- From this month, each delivery truck will carry a daily report sheet where our delivery personal will note any issue that may arise. This will also give our clients the opportunity to address any pressing issues related to delivery with urgency by requesting the delivery personal to record it in the daily delivery sheet.

Seasonal Products:

- Blueberries & Stone Fruits - US.
- Tomatoes "Roma, Vine", "Cherry Roma", "Cherry Junita" - Germany, Holland & Turkey.
- Royal Gala - Spain.
- Plums - Spain.
