

Welcome

Welcome to November edition of **WFC Newsletter**, where we continue to keep you up to date about us, along with our added services and other useful info.

We hope you enjoy this edition and if we can be of any assistance, please call or email us.

What's New:

- During last month, we have experienced once again some challenges with the air cargo and noticed huge delays of releasing cargo which affected our operations. To improve the situation, we changed our air cargo deliveries from one time a week to twice a week to minimise as much as possible the short deliveries.

We would like to take this opportunity to apologise to our costumers who have been affected by the delays and say thank you for your support and understanding.

- As we continue to inform you about our monthly products, we will also give you monthly updates about products that are out of season or limited in stock. We hope, this additional information will assist you with your monthly preparations.
